

Introduction

This procedure applies to the safety, security and access control policy of RST. The purpose of this procedure is to realize a uniform procedure regarding the notification, registration and access of a second driver at the terminals of RST.

General

- A second driver is allowed on RST's premises only if he or she is in training.
- If a truck has two drivers because of the driving time legislation, one driver must always wait at the security loge of the City Terminal.
- A second driver is also obligated to have a Cargocard.

Registration of a second driver

- Per visit for training a second driver send an email to:
security@rstbv.nl
shiftleaders-ops@rstbv.nl
veiligheidsteam@rstbv.nl
- This email message must contain the following information:
 - Personal information of both drivers
 - CargoCard number of both drivers
 - License plate of the Truck
 - The reason for registration
 - The expected time of arrival of the Truck
